The screenshot shows the Cybozu Customer Information application interface. At the top, there is a yellow header bar with the text "cybozu.com" and a user profile for "John". Below the header is a dark grey navigation bar with icons for three, a home icon, a bell, and a star, followed by a gear icon, a question mark icon, and a search bar labeled "アプリ内検索". The main area has a light grey header with a green icon and the text "顧客情報". Below this is a sub-header with a magnifying glass icon and the text "顧客情報". The main content area displays a table of customer information with 20 rows. The columns are: 会社名 (Company Name), 部署名 (Department), 担当者名 (Name), TEL (Phone Number), メールアドレス (Email Address), 郵便番号 (Postal Code), 住所 (Address), and two small icons (edit and delete). The data in the table is as follows:

	会社名	部署名	担当者名	TEL	メールアドレス	郵便番号	住所	
1	ファストビジ...	戦略事業本部	安藤 二郎	03-888...	abc55@cybozu.co.jp	194-0204	東京都町...

案件情報アプリに登録してみよう

The screenshot shows the Cybozu Case Management application interface. At the top, there's a yellow header bar with the Cybozu logo and a user profile for 'John'. Below the header is a dark navigation bar with icons for menu, home, notifications (with one notification), and favorites.

The main content area has a title '案件情報' (Case Information) and a breadcrumb trail '案件情報 > 1'. On the left, there's a form for entering customer information:

- 顧客情報** (Customer Information):
 - 顧客名: ファストビジネス協会 (Fast Business Association)
 - 部署名: 戰略事業本部 (Strategic Business Department)
 - ご担当者名: 安藤 二郎 (Ando Jiro)
- A message box says: 参照先からデータが取得されました。 (Data was obtained from the reference source.)

On the right, there's a comment section:

- コメントする** (Comment):
 - 1: John @Administrator 2017-07-08 23:34
メンションして、コメントもできるよ。
 - レコードの変更は変更履歴で確認できます。
 - いいね！を取り消す 返信

Large green hand icons are overlaid on the 'Customer Information' form and the 'Comment' section, likely indicating interactive elements or features being highlighted.

これを解決したい

はじめから作成

The screenshot shows the kintone application store interface. At the top, there is a yellow header bar with the cybozu.com logo, a user profile for John, and a search bar. Below the header, there is a dark navigation bar with icons for three, home, notifications (with one notification), and stars. The main content area has a title 'あたらしくアプリをつくる' (Create a new app) and several options:

- はじめから作成** (Create from scratch): This option is highlighted with a red box. It features a square icon with a dashed border.
- Excel/CSVから作成** (Create from Excel/CSV): This option features an Excel icon.
- テンプレートから作成** (Create from template): This option features a grid icon.
- ほかのアプリを再利用** (Reuse other apps): This option features a circular icon.

On the left side, there is a sidebar with a list of categories:

- すべて
- 業務で探す
- 営業・セールス
- 顧客サービス・サポート
- 総務・人事
- 情報システム
- 開発・品質保証
- 広報・マーケティング
- 法務・知財

At the bottom, there is a section titled 'おすすめのアプリ' (Recommended apps).

Self design

The screenshot shows the kintone app builder interface. At the top, there's a yellow header bar with the cybozu.com logo, user profile for John, and a search bar. Below the header, the breadcrumb navigation shows 'kintone Marketplace > 新しいアプリ > Settings'. The main area has a blue header '新しいアプリ' (New App) with 'Discard' and 'Activate App' buttons. A navigation bar below it includes 'Form', 'Views', 'Graphs', and 'App Settings' tabs, with 'Form' being the active tab. On the left, a sidebar lists various field types with icons: Label, Text, Rich text, Text Area, Number, Calculated, Radio Button, Check box, Multi-choice, Drop-down, Date, Time, Date and time, Attachment, Link, User selection, Department selection, and Group selection. A large central area is labeled 'Drag and drop fields here.' with a large grey arrow pointing right.

Input “Gmail”

The screenshot shows the Zapier interface for creating a new zap. On the left, under the heading "Dashboard → Choose App", there is a text input field labeled "Name your Zap..." and a note area with "Add a note". Below these, a "TRIGGER" section is shown, which includes a circular icon with a Gmail logo, the text "1. Set up this step", and a button labeled "Gmail". To the right, a large panel titled "Choose a Trigger App" displays a list of apps, with "Gmail" highlighted by a red rectangle. The entire interface has a clean, modern design with a dark header bar.

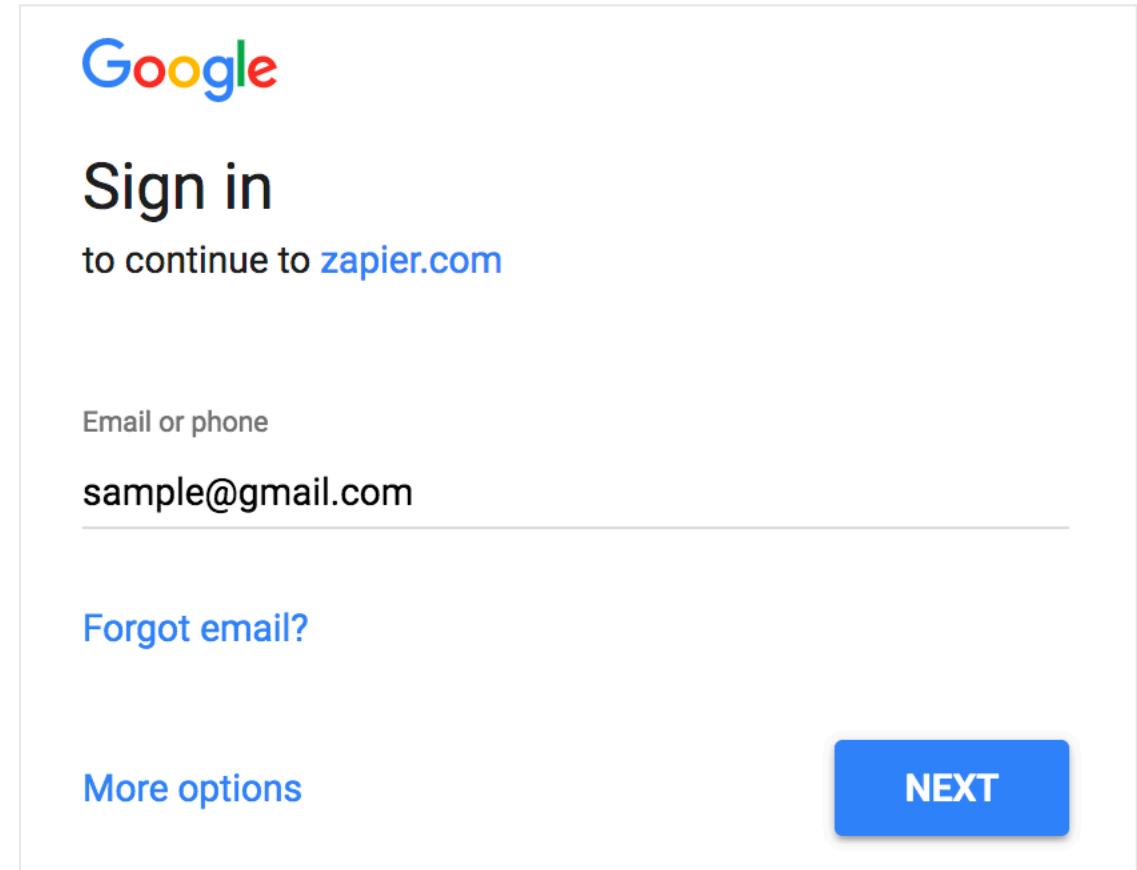

Select “New Email”, Google Sign in

A screenshot of the Zapier trigger selection interface. It shows a list of triggers with 'New Email' selected, indicated by a blue dot. The trigger description 'Triggers when you receive a new email.' is displayed below it. A 'Continue' button is at the bottom right.

New Email
Triggers when you receive a new email.
[show less common options](#)

[Continue](#)

A screenshot of the Google sign-in page. It features the Google logo and the text 'Sign in to continue to zapier.com'. Below this is a text input field labeled 'Email or phone' containing 'sample@gmail.com'. A 'Forgot email?' link is provided. At the bottom are 'More options' and 'NEXT' buttons.

Test >> Success!

The image displays two side-by-side screenshots of a software interface for selecting a Gmail account. Both screenshots feature a red and white Gmail icon at the top.

Left Screenshot: The title is "Select Gmail Account". It shows a list with one item: "Gmail Account #1 (added 0 minutes ago)" preceded by a blue circular icon with a white dot. Below the list is a "Test" button. A large green hand icon is positioned over the "Test" button, indicating it is being clicked. At the bottom left is a "Connect an Account" button with a plus sign. At the bottom center is a blue "Save + Continue" button.

Right Screenshot: The title is "Select Gmail Account". It shows the same list and "Test" button. To the right of the "Test" button is a green rectangular button with a checkmark and the text "Success!". At the bottom right is a blue "Save + Continue" button.

A large orange arrow points from the left screenshot to the right screenshot, indicating the progression from testing to success.

Skip and continue the Options

Test Gmail

✓ Test Successful!

Alright got it! You can [view your email](#) to make sure everything looks OK.

We'll use this as a sample for setting up the rest of your Zap.

↻ Re-test Gmail to get another email

Continue

Input “kintone”

The screenshot shows the Zapier interface for creating a new Zap. On the left, under the 'Trigger' section, there is a 'New Email' icon with a green checkmark and the text '1. New Email'. On the right, under the 'Action' section, the heading 'Choose an Action App' is displayed above a list of apps. The 'kintone' app is listed twice: once with its standard logo and once with a yellow cloud-like logo. Both instances of 'kintone' are enclosed in a red rectangular box.

問い合わせアプリに戻る

The screenshot shows the Cybozu app interface for managing an inquiry application. At the top, there's a yellow header bar with the Cybozu logo and a user profile for 'John'. Below it is a dark navigation bar with icons for three, home, notifications (with one new notification), and a star. A search bar says 'Search in App' with a magnifying glass icon. The main title '問い合わせ' is displayed above the settings area.

The main content area has a title '問い合わせ' with a blue icon. It includes two buttons: 'Discard Changes' and 'Update App'. Below this are four tabs: 'Form', 'Views', 'Graphs', and 'App Settings', with 'App Settings' currently selected.

The 'App Settings' section is divided into three columns:

- General Settings**: Includes 'Appearance', 'Color Theme', and 'Process Management'.
- Customization and Integration**: Includes 'Plug-ins', 'JavaScript and CSS Customization', 'API Token', and 'Webhooks'. A large green hand icon is positioned over the 'JavaScript and CSS Customization' link.
- Advanced Settings**: Includes 'Categories', 'Localization', 'Title Field', 'Misc Settings', and 'Actions'.

At the bottom, there are two more sections: 'Notifications' (with 'General Notifications') and 'Permissions' (with a lock icon).

Update App

Allow Zapier to access your Kintone Account?

Domain (required)

If your kintone URL is <https://example.kintone.com/>, choose "kintone.com".

Sub Domain (required)

If your kintone URL is <https://example.kintone.com/>, enter "example".

Application ID (required)

Your application ID is the integer that follows the '/k' in the URL of the link to your application.

For example, if your Application URL is <https://example.kintone.com/k/1513/>, then enter "1513".

API Token (required)

Within your kintone app, go to Change App Settings, then in Advanced Settings click on the API Token link to generate the token for your app. To learn more on how to generate your API token, visit https://help.kintone.com/en/k/user/api_token.html.

The screenshot shows the Cybozu CRM interface. At the top, there's a yellow header bar with the Cybozu logo and a user profile for "John". Below the header is a dark navigation bar with icons for three, home, bell, and star. To the right of the navigation bar are settings, help, a search bar ("Search in App"), and a magnifying glass icon.

The main content area has a light gray background. On the left, there's a sidebar with a blue icon and the text "案件情報". Below it, a breadcrumb trail shows "案件情報 > 案件一覧 > 1". On the far right of the toolbar are a plus sign, edit, file, gear, and more options.

The main content area is divided into sections: "顧客情報" (Customer Information) and "案件情報" (Case Information). In "顧客情報", fields include "顧客名" (Customer Name) with "ファストビジネス協会", "部署名" (Department) with "戦略事業本部", and "ご担当者名" (Manager) with "安藤 二郎".

In the "案件情報" section, there's a field for "案件名" (Case Name) with "テスト".

To the right of the "顧客情報" section, there's a red box highlighting a comment feed. It starts with a placeholder "Write your comment here." followed by a comment from "1: John" (@Administrator) dated "Jul 08, 2017 23:34". The comment text is "メンションして、コメントもできるよ。" (Mention me, I can comment too.). Below the comment, there's a note: "レコードの変更は変更履歴で確認できます。" (Changes to the record can be checked in the history.) and interaction buttons for "Unlike" and "Reply".

To 自分

Nice to meet you, Taro.
When I looked up kintone with Wikipedia, it was explained like this, but I
want to know what kind of utilization there are many.
If you'd kindly teach me.
Thank you.

--
Kintone (Kinton) is a web database type business application by cloud
service provided by Cybozu Co., Ltd. in addition to being able to
intuitively create a system that suits your company with mouse
operation, it is also easy to cooperate with other systems through A rich
API.

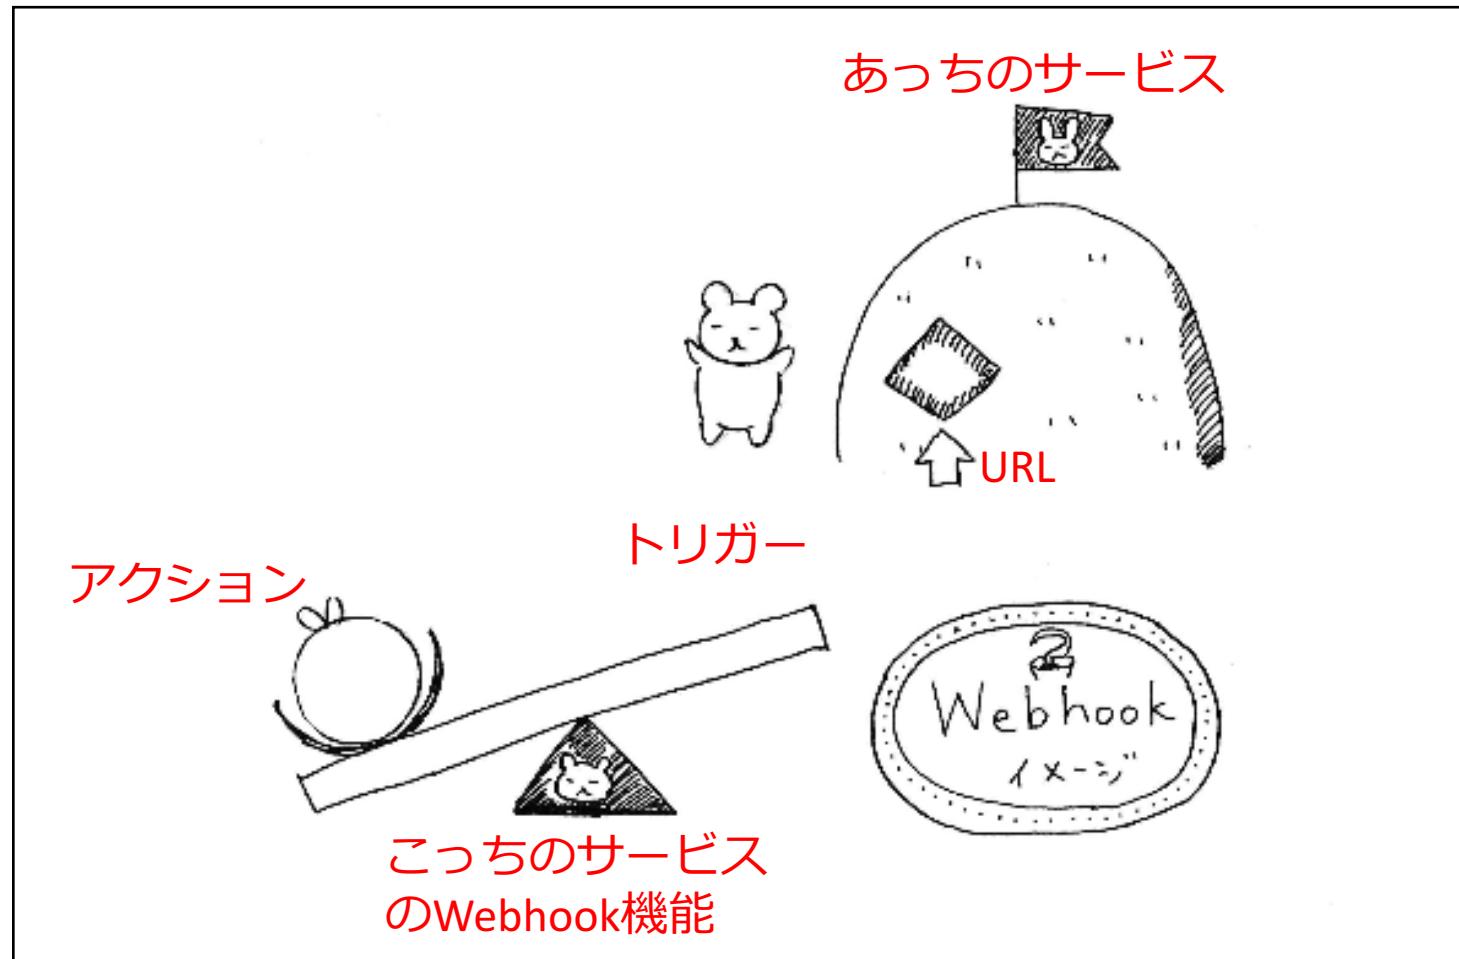

However, in Japan, since the release of kintone users have begun to
perceive the idea that users "make business systems themselves" and
the awareness Of "to make good things with users" at at result, changes
occurrence occurrence in the idea of system development which was a
man's monthly business, and new development methods such as
development before

Copy and paste Key

Set up Webhooks by Zapier Hook

Pick off a Child Key (optional)

By default, Zapier gives you the entire payload of the webhook. If this is specified, Zapier will only grab the child key from the object sent to Zapier. For example, given `{"contact": {"name": "Mike"}}`, specify `contact` to only trigger on `{"name": "Mike"}`. Traverse more deeply nested children by using dot-separated syntax.

```
{  
  "$schema": "http://json-schema.org/draft-04/schema#",  
  "type": "object",  
  "properties": {  
    "record": {  
      "type": "object",  
      "properties": {  
        "Body": {  
          "type": "object",  
          "properties": {  
            "value": {  
              "type": "string"  
            }  
          }  
        }  
      }  
    }  
  }  
}
```

問い合わせアプリの設定

The screenshot shows the Cybozu kintone application interface. At the top, there's a yellow header bar with the 'cybozu.com' logo, a user profile for 'John', and a search bar labeled 'Search in App'. Below the header is a dark grey navigation bar with icons for navigation, home, notifications (with 1 notification), and favorites. The main content area has a light grey background and features a blue header bar for the '問い合わせ' (Inquiry) app. This header includes a list icon, the app name, and a back arrow. The main body of the screen displays a table of inquiry records. The columns are: 'レコード番号' (Record ID), 'Email', 'Title', and 'Body'. Above the table are several filter and search tools: a dropdown menu set to '(すべて)' (All), a date range selector, a funnel icon for filters, and a bar chart icon for reports. To the right of the table are buttons for adding a new record ('+') and accessing settings ('gear icon'). A red box highlights the gear icon. At the bottom, it says 'Records 1 - 20 of 48' with a next page button.

Webhooks

The screenshot shows the cybozu.com application interface. At the top, there is a yellow header bar with the cybozu.com logo, a user profile for John, and a search bar. Below the header is a dark navigation bar with icons for three, home, notifications (with 1 notification), and stars. The main content area has a title "問い合わせ" (Inquiry) with a blue icon. On the right, there are "Discard Changes" and "Update App" buttons. The top navigation bar has tabs: Form, Views, Graphs, and App Settings (which is selected). The App Settings tab contains sections: General Settings, Customization and Integration, Advanced Settings, and Notifications. The "Customization and Integration" section has sub-sections: Appearance, Color Theme, Process Management, and API Token. The "Advanced Settings" section has sub-sections: Categories, Localization, Title Field, Misc Settings, and Actions. The "Notifications" section has sub-sections: General Notifications and Permissions. A red box highlights the "Webhooks" button under the API Token section.

Update App

The screenshot shows the cybozu.com application interface. At the top, there is a yellow header bar with the text "cybozu.com". To the right of the header is a user profile for "John" with a small profile picture and a dropdown arrow. Below the header is a dark grey navigation bar with icons for a menu, home, notifications (with a red '1'), and a star. To the right of the navigation bar are settings and help icons, a search bar with the placeholder "Search in App", and a magnifying glass icon.

Below the navigation bar, the page title is "問い合わせ > Settings". On the right side of the page, there is a timestamp "Last Updated: John Jul 11 7:02". At the bottom right of the main content area, there are two buttons: "Discard Changes" and "Update App". The "Update App" button is highlighted with a red rectangular border.

The main content area has tabs for "Form", "Views", "Graphs", and "App Settings". The "App Settings" tab is currently selected. Within the "App Settings" tab, there are three columns of settings:

- General Settings**: Includes "Appearance", "Color Theme", "Process Management", and a partially visible "Notifications" section.
- Customization and Integration**: Includes "Plug-ins", "JavaScript and CSS Customization", "API Token", and "Webhooks".
- Advanced Settings**: Includes "Categories", "Localization", "Title Field", and "Misc Settings".

Edit & Save record data

The screenshot shows a web application interface for managing records. At the top, there's a yellow header bar with the URL "cybozu.com". Below it is a dark grey navigation bar with icons for a menu (three horizontal lines), home, notifications (with a red '1' badge), stars, and settings.

The main content area has a light gray header with a blue icon and the text "問い合わせ". Below this, a breadcrumb navigation shows the path: "問い合わせ > (すべて) > 44".

At the bottom of the main content area, there are two buttons: "Cancel" and a large blue "Save" button.

The form fields are as follows:

- Email:** A text input field containing "scbozu@gmail.com". To its right is a blue square icon with a white speech bubble symbol.
- Title:** A text input field containing "kintoneはどんなサービスですか？". To its right is a gray square icon with a white circular arrow symbol.
- Body:** A large text area containing the following text:

はじめまして、太郎です。
kintoneをWikipediaで調べるとこのように説明されていましたが、どのような活用が多くあるのかを知りたいです。
どうか教えてください。
よろしくお願いします。

# Goal

The screenshot shows a Zapier dashboard with a completed zap named "Translator".

**Trigger:** 1. Catch Hook (Webhooks by Zapier)

**Action:** 2. Translate Text (Google Translate)

**Action:** 3. Send Email (Gmail)

The zap is currently active, indicated by the "ON" switch in the top right corner of the main panel.

**Result Panel:**

- A large green checkmark icon is displayed.
- The message "Awesome! Your Zap is working." is shown.
- A green hand icon is pointing towards the message.
- The status "YOUR ZAP IS ON" is displayed.
- A note states: "While on, this Zap will run instantly when the Webhooks by Zapier Catch Hook trigger happens."
- Buttons at the bottom right include "See it on your Dashboard" and "Make another Zap".
